Report Says Use of Pot Slows Drivers

There is substantial evidence that marijuana use impairs auto driving performance, but the question of long-term health effects remains unresolved, a new government study says.

SGA

The Student Government Association is made up of representatives from each curriculum. It's purpose is to plan student activities such as dances, movies, parties, etc. during that year.

So far this year the SGA has purchased two pool tables which are used for the students. Also a juke box, footballs, ping pong, and other items are used for student pleasure. SGA will and has had eight successful dances this year, not including the Miss TEC contest, May Day, and two activities day. Many other activities and tasks are also part of the functions of the SGA. Jeff Powell

Jeff Powell
Vice-President

NEWSPAPER

This year's Newspaper Staff tried a new method. The staff encouraged the students to get involved. They could write about anything they wanted to, as long as it wasn't dirty.

Another new idea is the magazine format. High goals are being made for next year's paper so get involved with it and make it better.

DRAMA CLUB

Last year they had us rolling in the aisles with the medical farce, "You've Got It Again" and this year they are coming after us once more with the same type of farce with the production of "Third World". In spite of losing most of the members of the Drama Club in the 1973 graduation, the interest created by their able efforts brought forth a new group of students who like to make other people laugh and cry, and the new play proved they were able to do just that. Our hats are off to Betty Montgomery, Debbie Paige, all other members of the Drama Club, the advisor Mr. Andrews who wrote and directed the play.

ASCET

ASCET means American Society for the Certification of Engineering Technicians. With that jawbreaker of a name how can they fail. TEC this year joined this national organization with most of the Technology students signing up. Belonging to this group will greatly enhance the future employment possibilities of our Technology graduates and we salute these students who have taken the first giant step in forming the local chapter for others to follow in years to come.

Officers Left to Right: Wendall Pittman, Darryl Beard, Bennie Rush, Bryan Huggins, Alan Chandler.

"Florence-Darlington T.E.C. Agronomy Club"

Purpose

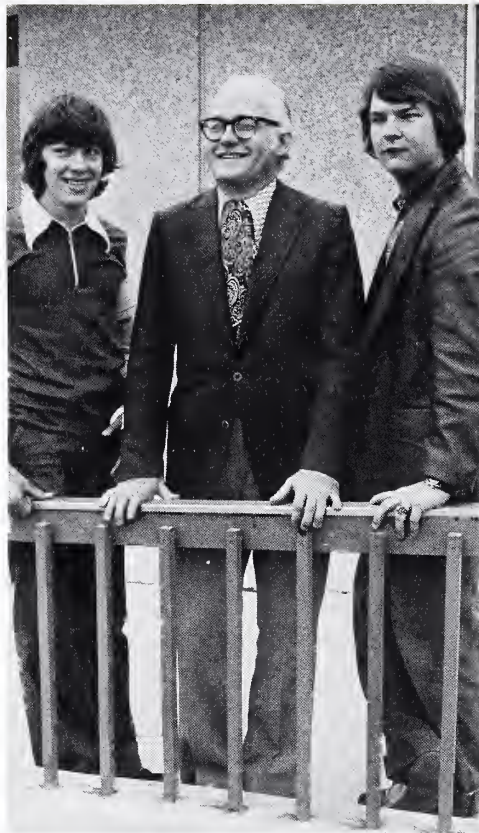

To promote Agriculture in any area obtainable, to use the club name in any function promoted or conceived by the club, and to provide an Agronomy scholarship to a worthy student.

CHESS CLUB

Like the tournaments of the Middle Ages, the Knights of TEC rode boldly forth to do battle with one another for the honor of winning the Champion's Cup. These 20th Century Sons of Chivalry learned to fight the battle of life by marshalling their forces across the 64 squares of the chess board against each other. No, Virginia, chess is not checkers! Not on your life. So the battle went on in TEC chess. Who would be the final champion? Time alone would tell. Many mighty jousts are in the offing and faraway Knights like Baker and Spassky are not sleeping very well whenever news comes to them of the latest battle at TEC.

Advisor Joel Andrews

Robert Bailey, Joel Andrews, Bob Poole

THE FELLOWSHIP OF BELIEVERS

It is an organization for the entire school. It is open to people of all denominations and different social backgrounds. Its sole purpose is to instill in God's word, and to follow Christ's teachings at school as well as in our area. We also have various other projects on Campus as well as in the Area Churches.

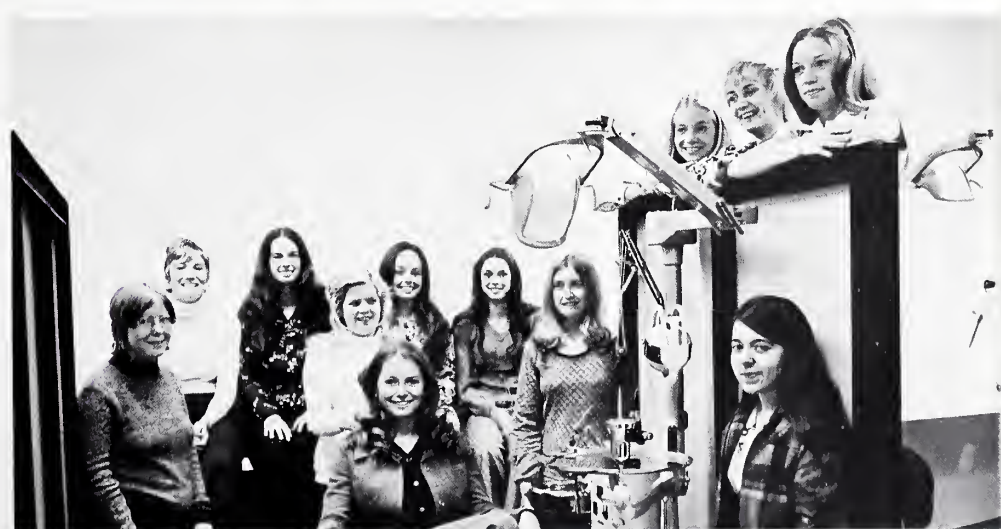

Pee Dee Dental Assistant Society

As student members of the American Dental Assistant Association, South Carolina Dental Assistant Association and Pee Dee Dental Assistant Society, Florence-Darlington TEC students participate in national, state and local meetings. These students also participate for honors in state clinical competition.

Jamie Altman, Donna Bryant, Mattie Bailey, Debbie Rucker

Junior American Dental Hygienists' Association

The purpose of the Junior American Dental Hygienists' Association at Florence-Darlington TEC is to familiarize the students with their responsibilities to their professional organization. The immediate goal in 1974 is raising funds to send representatives to local and national seminars and conventions. These seminars introduce the students to current issues and concerns of the Dental Hygiene profession today.

Jamie Altman
President, JADHA

Student Nurses' Association

The purposes of the Almaltha SNA are to encourage participation of students in preprofessional organizations for nurses, to provide a channel of communication and a means of membership in the Student Nurses' Association of South Carolina, and the National Student Nurses' Association, to promote unity between students and faculty, to conduct affairs and activities associated with the Associate Degree Program in Technical Nursing and to promote high ideals and standards for the profession of nursing.

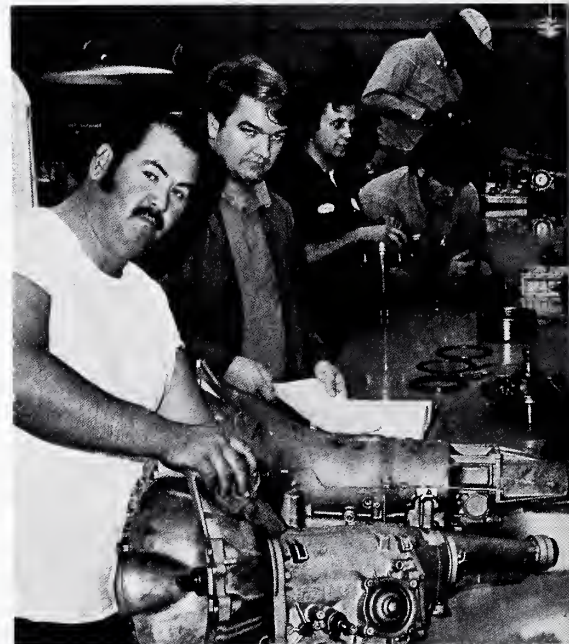

SPECIAL TRIBUTE TO

If you have been associated with Mr. Small, his energetic traits and strong beliefs in the youth of today will certainly leave an indelible mark on your thinking.

Florence-Darlington TEC was indeed fortunate to have an educator of his caliber as Dean of Students from 1970-1973. The fond memories of his association will linger among the many friends that he leaves behind.

MR. WADE SMALL

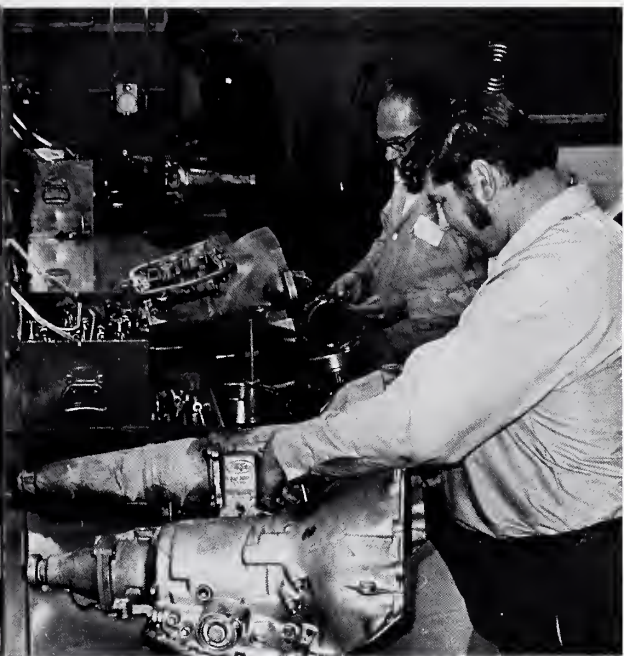

EVENING

DIVISION

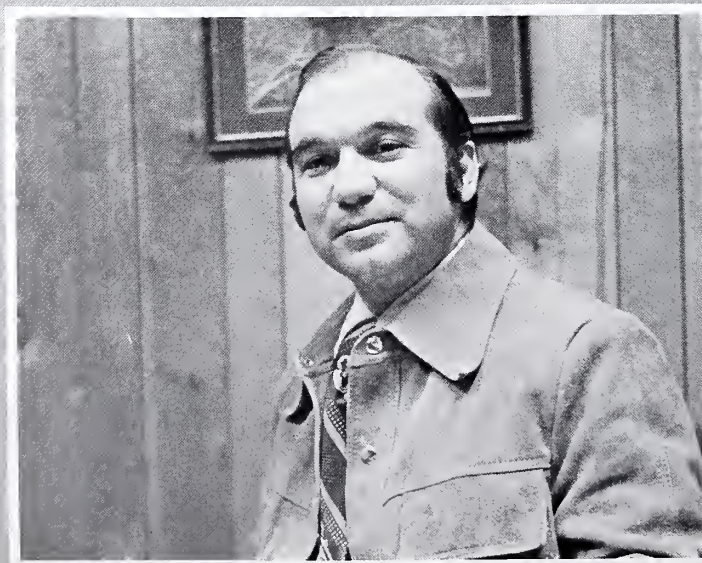

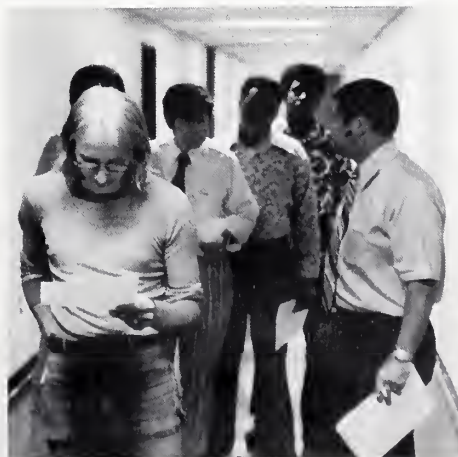

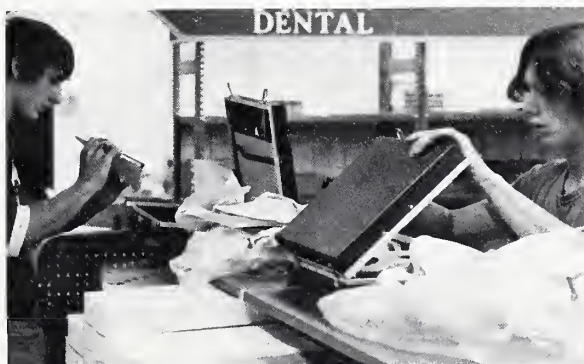

The Evening Division celebrated its 10th anniversary this year. As we review 10 years of respect to service rendered to the adults of the community that over 1,000 men and women have been served since 1954. To the Evening Division staff members and to the community, we say thank you. This celebration is a time to look back and see how far we have come. It is a time to look forward to the future and to the many more years of service to the community. The Evening Division is proud of its staff and of the many years of service to the community.

His duty is to have ten staff members working eight hours each day, seven days a week, to see that the district is well served. These include Mr. Jim Vail, Mr. Betty, James E. Redman and Albert Selge.

Evening Administration is very broad and involves a great deal of coordination from the other divisions within the center. Basically, the Evening Division is headed up by J.C. Hudson, who serves as Director of Adult and Continuing Education.
